Total Amount, \$175,623 98.

NOTE.—In many cases, the several sums as set down in the foregoing list do not show the full amount of tax paid, for the reason that the income of many persons is derived in part from dividends on stocks; and the several corporations withhold and pay to Government 5 per cent on those dividends. The amount so withheld is deducted from the tax of individuals, and the balance stands against their names. The tax paid by persons in the employ of Government does not appear, as it is taken from their pay by the disbursing officer.
